Dear Valued Jayco Fifth Wheel owner:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Jayco has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2013 - 2015 Seismic, Pinnacle and Eagle Premier Fifth Wheels manufactured April 3, 2013 through February 27, 2015.

The affected vehicles were manufactured with HSM quad steps that two specific located rivets of the step may shear or pull out under load. If the defective rivets fail, a section/s of the step may come loose and/or break and cause personal injury.

The remedy is for a Jayco dealer to remove the existing rivets in the two specific areas with a larger bolt with a higher weight rating. The recall remedy will take approximately one half hour per HSM step present on your fifth wheel and will be performed at no charge to you. If you paid to have this repair performed before you received this letter, you may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy of the problem associated with this recall. For more information or if you are unable to have this repair performed, please contact Jayco Customer Service at 800-283-8267 for assistance.

If your Jayco dealer is unable to perform the recall within a reasonable time frame, please contact Jayco Customer Service at 800-283-8267 for further instructions. If you choose to take your vehicle to a non-Jayco dealer, they must contact Jayco prior to making the recall repairs for proper authorization and instruction. Federal regulations require that any vehicle lessor receiving this notice must forward a copy of this notice to the lessee within **ten days**.

If, however, you take your recreational vehicle to your dealer on the agreed service date and the dealer does not remedy this condition on that date or within three (3) days, please contact our Customer Service Department at 800-283-8267.
